Glossary

First Owner
When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.

New Owner Reported
When a vehicle is sold to a new owner, the Title must be transferred to the new owner(s) at a Department of Motor Vehicles.

Ownership History
CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1991 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.

Reliability Forecast
The CARFAX 3-Year Reliability Forecast predicts the likelihood of repairs for a vehicle over the next three years. This forecast is based on vehicles of the same year, make, and model with similar mileage, damage, service history, and other factors, and assumes an average of 15,000 miles driven per year. Repairs are separate from regular maintenance, such as oil changes. Some of the repairs predicted may be covered under warranty. The 3-Year Reliability Forecast is based on data reported to Carfax and is only a prediction, not a guarantee.

Title Issued
A state issues a title to provide a vehicle owner with proof of ownership. Each title has a unique number. Each title or registration record on a CARFAX report does not necessarily indicate a change in ownership. In Canada, a registration and bill of sale are used as proof of ownership.
